SUMMARY

Aspiring Networking and IT Support professional, CCNA-certified with hands-on academic grounding in TCP/IP, routing and switching, and network troubleshooting. Comfortable working across Linux and Windows environments, with additional experience in Git/GitHub and Docker from a front-end development internship. Eager to apply structured networking fundamentals in a Network Support, NOC, or IT Support role while continuing to build practical, hands-on experience.

TECHNICAL SKILLS

Networking: CCNA, TCP/IP, Routing & Switching, LAN/WAN, IP Addressing, Subnetting, DNS, DHCP, VLANs, OSI Model, Network Troubleshooting .

Systems & Tools: Linux, Windows, Git, GitHub, Docker, VS Code

Web Development (secondary): React.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS

INTERNSHIP EXPERIENCE

Frontend Developer Intern | Cybotronics Pvt. Ltd.

2025 – 2026 (1 Year)

- Collaborated with a cross-functional team using Git, GitHub, and Docker in a Linux-based development workflow, building comfort with command-line tools and containerized environments.
- Developed and integrated REST APIs, gaining practical exposure to client-server communication and troubleshooting connectivity issues end-to-end.
- Modified dashboard UI and implemented reusable frontend components in a fast-paced, deadline-driven team setting.

PROJECTS

Malware Detection and Classification System

- Developed a machine learning-based malware detection and classification system; analyzed malicious files using feature extraction and classification techniques, strengthening cybersecurity fundamentals relevant to network security.

MDM Construction Web Application

- Built dynamic React.js components and integrated REST APIs, including debugging network/API connectivity issues between frontend and backend services.

MDM Security Landing Page

- Developed a responsive landing page using HTML, CSS, JavaScript, and TypeScript, focused on secure and performant delivery of UI content.

EDUCATION

Master of Computer Applications (MCA) — Dr. D. Y. Patil University, Kolhapur | 2026 | 81.15

Bachelor of Computer Applications (BCA) — Shivaji University, Kolhapur | 2024 | 75%

CERTIFICATIONS

- Cisco Certified Network Associate (CCNA)
- Linux Administration Certification
- Cybersecurity Certification
- Smart Bridge Full Stack Development
- Git & GitHub

Yours sincerely
Utkarsha Santosh Desai
